

Meeting Minutes:

Run By: Akash Das

Title: Futureense Internship Day 17

Date & Time: May 20, 2024 at 11:30 AM

Location: Jain FET-102

By: Pasam Nutan

Github Link: <https://github.com/Pasamnutan/internship-phase-2-daily-logs>

USN: 22BTRAD028

OBJECTIVE:

To investigate various types of MySQL views, such as simple views, complex views, materialized views, and dynamic views.

To understand best practices for maintaining and managing views within a MySQL database setting.

AGENDA:

Understand the reasons and benefits of utilizing views.

Explore views as virtual tables in MySQL and their functionality.

KEY INSIGHTS:

Acquired an in-depth understanding of the different types of views.

Recognized the benefits and importance of using views.

Analyzed how views improve data security and facilitate complex queries.

Reviewed practical examples demonstrating the real-world application of views.
