USN: 22BTRAD028

---

## OBJECTIVE:

- To gain a fundamental understanding of Minutes of Meeting (MoM) and their preparation for professional sessions.
- To delve into SQL views, discussing their operations and practical applications.

## AGENDA:

- Comprehend the purpose and advantages of maintaining Minutes of Meeting.
- Learn the structure and essential components of effective MoM.
- Review the different types of SQL views and their functionalities.
- Discuss practical examples and operations of SQL views.

## KEY INSIGHTS:

- Developed a basic understanding of the importance of Minutes of Meeting in professional settings.
- Learned the steps to create clear and comprehensive MoM.
- Explored the structure of SQL views, including simple, complex, materialized, and dynamic views.
- Identified how SQL views enhance data management, security, and the execution of complex queries.
- Discussed real-world scenarios and examples to understand the application of SQL views.
